ABOUT THE REGISTRANT

Xylem is a leading global water technology company. We design, manufacture and service engineered products and solutions across a wide variety of critical applications in utility, industrial, residential and commercial building services settings. Our broad portfolio of solutions addresses customer needs across the water cycle, from the delivery, measurement and use of drinking water, to the collection, test, treatment and analysis of wastewater, to the return of water to the environment. Our product and service offerings are organized into four reportable segments that are aligned around the critical market applications they provide: Water Infrastructure, Applied Water, Measurement and Control Solutions and Water Solutions and Services.

- *Water Infrastructure* serves the water infrastructure sector with pump systems that transport water from aquifers, lakes, rivers and seas; with filtration, ultraviolet and ozone systems that provide treatment, making the water fit to use; and pumping solutions that move the wastewater and storm water to treatment facilities where our mixers, biological treatment, monitoring and control systems provide the primary functions in the treatment process. Additionally, our offerings use monitoring and control, smart and connected technologies to allow for remote monitoring of performance and enable products to self-optimize pump operations maximizing energy efficiency and minimizing unplanned downtime and maintenance for our customers. The Water Infrastructure segment also provides a range of highly differentiated and scalable products and technologies with product offerings in the filtration and separation, disinfection, and wastewater solutions, for municipal and industrial applications. In the Water Infrastructure segment we reach customers indirectly, through channel partners and distributors, directly and through our service capabilities.
- *Applied Water* serves the water usage applications sector with water pressure boosting systems for heating, ventilation and air conditioning, and for fire protection systems to the residential and commercial building solutions markets. In addition, our pumps, heat exchangers and controls provide cooling to power plants and manufacturing facilities, circulation for food and beverage processing, and boosting systems for agricultural irrigation. In the Applied Water segment, we provide the majority of our sales through long-standing relationships with many of the leading independent distributors in the markets we serve, with the remainder going directly to customers.
- *Measurement and Control Solutions* primarily serves the utility infrastructure solutions and services sector by delivering communications, smart metering, measurement and control capabilities and critical infrastructure technologies that allow customers to more effectively use their distribution networks for the delivery, monitoring and control of critical resources such as water, electricity and natural gas. We also provide analytical instrumentation used to measure and analyze water quality, flow and level in clean water, wastewater and outdoor water environments. Additionally, we offer software and services which have been further enhanced by our Xylem Vue platform to enable a holistic view of the water cycle for our customers through cloud-based analytics, remote monitoring and data management with the purpose of optimizing their operating efficiency. In the Measurement and Control Solutions segment, we generate our sales through a combination of long-standing relationships with leading distributors and dedicated channel partners, as well as direct sales depending on the regional availability of distribution channels and the type of product.
- *Water Solutions and Services* provides tailored services and solutions, in collaboration with customers, including on-demand water, outsourced water, recycle/reuse, pipeline assessment services, specialty dewatering and emergency response service alternatives to improve operational reliability, performance and environmental compliance. Key offerings within this segment also include equipment systems for industrial needs (influent water, boiler feed water, ultrahigh purity, process water, wastewater treatment, and recycle/reuse), full-scale outsourcing of operations and maintenance, and municipal services, including odor and corrosion control services, as well as leak detection, condition assessment and asset management and pressure monitoring solutions. In the Water Solutions and Services segment, we leverage our internal and external partners, and extensive service branch networks across the globe, including a rental fleet of transfer and treatment assets to serve our customers.

RISK FACTORS

Before you decide whether to purchase any of our securities, in addition to the other information, documents or reports included in or incorporated by reference into this prospectus and any accompanying prospectus supplement or other offering materials, you should carefully consider the risk factors in the section entitled “Risk Factors” in any prospectus supplement as well as our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 which is incorporated by reference into this prospectus and any prospectus supplement in their entirety, as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act. For more information, see the section entitled “Where You Can Find More Information.” These risks could materially and adversely affect our business, results of operations and financial condition and could result in a partial or complete loss of your investment.

USE OF PROCEEDS

Unless otherwise stated in the applicable prospectus supplement, we will use the proceeds of any offering for general corporate purposes, which may include repayment of debt, repurchases of outstanding shares of common stock, payment of dividends, acquisitions of companies or businesses, investments, working capital and capital expenditures. We have not determined the amount of net proceeds to be used specifically for such purposes. As a result, management will retain broad discretion over the allocation of net proceeds. Net proceeds may be temporarily invested prior to use.

DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. We also may sell hybrid securities that combine certain features of debt securities and other securities described in this prospectus. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

Xylem will be the issuer of any debt securities we may offer and references to “we,” “our” or “us” in this description do not, unless the context otherwise indicates, include any of its subsidiaries. Capitalized terms used but not defined in this section have the respective meanings set forth in the applicable indenture.

General

The debt securities that we may offer will be either senior debt securities or subordinated debt securities. Any senior debt securities will be issued under an indenture, which we refer to as the senior indenture, dated as of March 11, 2016, between us and Deutsche Bank Trust Company Americas, as trustee, as supplemented and amended from time to time. Any subordinated debt securities will be issued under a different indenture, which we refer to as the subordinated indenture, to be entered into between us and the trustee named in the applicable prospectus supplement. We refer to both the senior indenture and the subordinated indenture as the indentures, and to each of the trustees under the indentures as a trustee. The terms of each series of debt securities will be set forth in a resolution of the board of directors of the Registrant, an officers’ certificate or by a supplemental indenture. You should read the indentures, including any amendments or supplements or any officers’ certificate setting forth the terms of any series of notes, carefully to fully understand the terms of the debt securities. The forms of the indentures have been filed as exhibits to the registration statement of which this prospectus is a part. The indentures are subject to, and are governed by, the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”).

Any senior debt securities that we may issue will be our unsubordinated obligations. They will rank equally with each other and all of our other unsubordinated debt, unless otherwise indicated in the applicable prospectus supplement. Any subordinated debt securities that we may issue will be subordinated in right of payment to the prior payment in full of our senior debt. See “Subordination of Subordinated Debt Securities.” The subordinated debt securities will rank equally with each other, unless otherwise indicated in the applicable prospectus supplement. We will indicate in each applicable prospectus supplement, as of the most recent practicable date, the aggregate amount of our outstanding debt that would rank senior to the subordinated debt securities.

The indentures do not limit the amount of debt securities that can be issued thereunder and provide that debt securities of any series may be issued thereunder up to the aggregate principal amount that we may authorize from time to time. Unless otherwise provided in the applicable prospectus supplement, the indentures do not limit the amount of other indebtedness or securities that we may issue. We may issue debt securities of the same series at more than one time and, unless prohibited by the terms of the series, we may reopen a series for issuances of additional debt securities without the consent of the holders of the outstanding debt securities of that series. All debt securities issued as a series, including those issued pursuant to any reopening of a series, will vote together as a single class.

Reference is made to the prospectus supplement for the following and other possible terms of each series of the debt securities with respect to which this prospectus is being delivered:

- the title of the debt securities;

- any limit upon the aggregate principal amount of the debt securities of the series that may be authenticated and delivered under the applicable indenture;
- the issue date or issue dates of the debt securities of the series;

- whether the debt securities of the series will be issued at par of, at a premium over or a discount from their face amount;

- the date or dates from which such interest shall accrue, the dates on which such interest will be payable or the manner of determination of such dates, and the record date for the determination of holders to whom interest is payable on any such dates;
- the right, if any, to extend the interest payment periods or defer the payment of interest and the duration of such extension or deferral;
- our obligation, if any, to redeem, repay or purchase any of the debt securities of the series pursuant to any sinking fund, mandatory redemption, purchase obligation or analogous provisions, including payments made in cash in anticipation of future sinking fund obligations at the option of a holder thereof and the period or periods within which, the price or prices at which, and the terms and conditions upon which debt securities of the series shall be redeemed, repaid, or purchased, in whole or in part, pursuant to such obligation;
- if the debt securities of the series shall be issued in whole or in part in the form of a global security or securities, the type of global security to be issued, the identity of the depositary for such global security and the terms and conditions, if any, upon which interests in the debt securities of the series represented by such global security may be exchanged, in whole or in part, for other individual securities represented thereby;
- if the debt securities are subordinated debt securities, the subordination terms of the debt securities;
- if other than denominations of \$2,000 or any multiple of \$1,000 in excess thereof, the denominations in which the debt securities of the series shall be issuable;

- the exchange or conversion of the debt securities of such series, whether or not at the option of the holders thereof, for or into new debt securities of a different series or for or into any other securities which may include shares of our capital stock or any of our subsidiaries or securities directly or indirectly convertible into or exchangeable for any such shares or securities unaffiliated with us or any of our subsidiaries;
- the currency or currencies in which payment of the principal of, premium, if any, and interest on debt securities of the series shall be payable and the period or periods within which and the terms and conditions upon which such election may be made;

- if the amount of principal or any premium or interest on debt securities of a series may be determined with reference to an index or pursuant to a formula, the manner in which such amounts will be determined;
- the exchange of debt securities of a series, at the option of the holders thereof, for other debt securities of the same series of the same aggregate principal amount of a different authorized kind or different authorized denomination or denominations, or both;
- any guarantees on the debt securities and the identity of any guarantor thereof, the conditions of such guarantee and, if applicable, the terms and conditions upon which such guarantees may be subordinated to other indebtedness of the respective guarantors;

- the portion of the principal amount of the debt securities of the series, if other than the principal amount thereof, that shall be payable upon declaration of acceleration of the maturity thereof;
- any additional restrictive covenants or events of default that will apply to the debt securities of the series, or any changes to the restrictive covenants set forth in the applicable indenture that will apply to the debt securities of the series, which may consist of establishing different terms or provisions from those set forth in the applicable indenture or eliminating any such restrictive covenant or event of default with respect to the debt securities of the series;
- whether and upon what terms debt securities of a series may be defeased if different from the provisions set forth in the applicable indenture; and
- any and all additional, eliminated or changed terms that shall apply to the debt securities of the series, including any terms that may be required by or advisable under United States laws or regulations, including the Securities Act and the rules and regulations promulgated thereunder, or advisable in connection with the marketing of debt securities of that series.

We will comply with Section 14(e) under the Exchange Act, to the extent applicable, and any other tender offer rules under the Exchange Act that may then be applicable, in connection with any obligation to purchase debt securities at the option of the holders thereof. Any such obligation applicable to a series of debt securities will be described in the prospectus supplement relating thereto.

The statements made hereunder relating to the indentures and any debt securities that we may issue are summaries of certain provisions thereof and are qualified in their entirety by reference to all provisions of the indentures and the debt securities and the descriptions thereof, if different, in the applicable prospectus supplement.

Subordination of Subordinated Debt Securities

We will set forth in the applicable prospectus supplement the terms and conditions, if any, upon which any series of subordinated debt securities is subordinated to debt securities of another series or to our other indebtedness. The terms will include a description of:

- the indebtedness ranking senior to the debt securities being offered;
- the restrictions, if any, on payments to the holders of the debt securities being offered while a default with respect to the senior indebtedness is continuing; and
- the provisions requiring holders of the debt securities being offered to remit some payments to the holders of senior indebtedness.

Redemption

If specified in the applicable prospectus supplement, we may redeem the debt securities of any series, as a whole or in part, at our option on and after the dates and in accordance with the terms established for such series, if any, in the applicable prospectus supplement. If we redeem the debt securities of any series, we also must pay accrued and unpaid interest, if any, to the date of redemption on such debt securities.

Selection and Notice

If less than all of the debt securities of a series are to be redeemed at any time, the trustee will select the debt securities of such series for redemption by lot, based on the applicable procedures of The Depository Trust Company ("DTC").

No debt securities in principal amount of \$1,000 or less can be redeemed in part. Notices of redemption will be mailed by first-class mail (in case of notes held in book-entry form, by electronic transmission) at least 10 but not more than 60 days before the redemption date to each holder of debt securities of such series to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the debt securities of such series or a satisfaction and discharge of the indenture.

If any debt security is to be redeemed in part only, the notice of redemption that relates to that debt security will state the portion of the principal amount of that debt security that is to be redeemed. For debt securities issued in certificated form, a new certificate in principal amount equal to the unredeemed portion of the original debt security will be issued in the name of the holder of the original debt security upon cancellation of the original debt security. Debt securities called for redemption become due on the date fixed for redemption. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the debt securities or portions of the debt securities called for redemption.

The trustee will not be liable for selections made by it as contemplated in this section. For any debt securities which are represented by global securities held on behalf of DTC, the Euroclear System ("Euroclear") or Clearstream Banking S.A. ("Clearstream"), notices may be given by delivery of the relevant notices to DTC, Euroclear or Clearstream for communication to entitled account holders in substitution for the aforesaid mailing.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any debt securities are outstanding, we shall file with the trustee, within 15 days after we are required to file the same with the SEC, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) that we would be required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act.

We shall be deemed to have complied with the previous sentence to the extent that such information, documents and reports are filed with the SEC via EDGAR or any successor electronic delivery procedure. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including our compliance with any covenants under the indenture (as to which the trustee is entitled to rely exclusively on officers' certificates).

Events of Default

The following will be "Events of Default" with respect to debt securities of a particular series, except to the extent provided in the supplemental indenture, officers' certificate or resolution of our board of directors pursuant to which a series of debt securities is issued:

- default in paying interest on any of the debt securities of such series when it becomes due and the default continues for a period of 30 days or more;

- default in paying principal, or premium, if any, on any of the debt securities of such series when due;
- default in the payment of any sinking or purchase fund or analogous obligation when the same becomes due, and such default continues for 30 days or more;
- default in the performance, or breach, of any covenant in the indenture (other than defaults specified above) and the default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series;
- certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings; or
- any other Event of Default provided in the supplemental indenture, officers' certificate or resolution of our board of directors under which such series of debt securities is issued or in the form of security for such series.

If an Event of Default (other than an Event of Default specified in the fifth bullet point above) under the indenture occurs with respect to the notes and is continuing, then the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the affected series may by written notice require us to repay immediately the entire principal amount of the outstanding notes of that series, together with all accrued and unpaid interest and premium, if any.

If an Event of Default under the indenture specified in the fifth bullet point above occurs and is continuing, then the entire principal amount of the outstanding debt securities of the affected series will automatically become due and payable immediately without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration, the holders of a majority in principal amount of outstanding debt securities of the affected series may rescind this accelerated payment requirement if (i) all existing Events of Default, except for nonpayment of the principal and interest on the debt securities of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived, (ii) the rescission of acceleration would not conflict with any judgment or decree and (iii) we have paid or deposited with the trustee a sum sufficient to pay all sums paid or advanced by the trustee and the reasonable and duly documented compensation, expenses, disbursements and advances of the trustee, its agents and counsel. The holders of a majority in principal amount of the outstanding debt securities of the affected series also have the right to waive past defaults, except a default in paying principal or interest on any outstanding note of that series, and except in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the debt securities of that series.

Holders of at least 25% in principal amount of the outstanding debt securities of the affected series may seek to institute a proceeding only after they have notified the trustee of a continuing Event of Default in writing and made a written request, and offered reasonable indemnity, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60-day period the trustee must not have received directions inconsistent with this written request by holders of a majority in principal amount of the notes of that series. These limitations do not apply, however, to a suit instituted by a holder of a note for the enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default, the trustee is required to exercise the rights and powers vested in it under the indenture and to use the same degree of care and skill in its exercise as a prudent person would use under the circumstances in the conduct of that person's own affairs. If an Event of Default has occurred and is continuing, the trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee reasonable security or indemnity. Subject to certain provisions, the holders of a majority in principal amount of the outstanding debt securities of

the affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

The trustee will, within 90 days after any default occurs, give notice of the default to the holders of the notes of the affected series, unless the default was already cured or waived. Unless there is a default in paying principal, interest or any premium when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

The trustee is not to be charged with knowledge of any Event of Default or knowledge of any cure of any Event of Default unless either (i) an authorized officer or agent of the trustee with direct responsibility for the administration of the indenture has actual knowledge of such Event of Default or (ii) written notice of such Event of Default has been given to such authorized officer of the trustee by the Issuer or any holder of the debt securities.

Covenants

Although the indentures generally do not contain financial or similar restrictive covenants, unless otherwise specified in the applicable prospectus supplement, the debt securities will contain the additional covenants described below that are not contained in the indentures.

Repurchase Upon Change of Control Triggering Event

A change of control requiring us to repurchase all, or part, of the debt securities as described below will be triggered in the event that the debt securities notes cease to be rated equal to or higher than BBB- (or the equivalent) by Fitch Inc. ("Fitch"), Baa3 (or the equivalent) by Moody's Investors Service, Inc. ("Moody's") or BBB- (or the equivalent) by Standard & Poor's Rating Services ("S&P"), and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us on any date during the 60-day period commencing upon the earlier of (1) the first public announcement of the Change of Control or our intention to effect a Change of Control and (2) the consummation of such Change of Control, which period will be extended following consummation of a Change of Control for so long as the rating of the debt securities is under publicly announced consideration for possible downgrade by any of the rating agencies. Unless at least one rating agency is providing a rating for the notes at the commencement of any such period, the notes will be deemed to have ceased to be rated as described above during such period. Notwithstanding the foregoing, no event triggering a change of control will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

If an event triggering a change of control occurs, unless we have exercised our right to redeem the debt securities of a series pursuant to the terms of such series, we will be required to make an offer to repurchase all or, at the holder's option, any part (equal to \$2,000 or any multiple of \$1,000 in excess thereof) of each holder's debt securities on the terms set forth in the debt securities. In such offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of the debt securities repurchased plus accrued and unpaid interest, if any, on the debt securities repurchased, to, but not including, the date of purchase.

Within 30 days following any event triggering a change of control or, at our option, prior to any change of control, but after public announcement of the transaction that constitutes or may constitute the change of control, a notice will be mailed to holders of the notes (with a copy mailed to the trustee) describing the transaction that constitutes or may constitute the change of control triggering event and offering to repurchase such notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice, if mailed prior to the date of consummation of the change of control, will state that the change of control offer is conditioned on the change of control triggering event occurring on or prior to such payment date.

On such payment date, we will be required, to the extent lawful, to:

- accept for payment all debt securities or portions of debt securities properly tendered pursuant to the offer described in the first paragraph above;
- deposit with the paying agent an amount equal to the required payment in respect of all debt securities or portions of notes debt securities properly tendered; and
- deliver or cause to be delivered to the trustee the debt securities properly accepted together with an officer's certificate stating the aggregate principal amount of debt securities or portions of debt securities being purchased by us.

The paying agent will be required to promptly mail to each holder who properly tendered debt securities the purchase price for such debt securities, and the trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such holder a new debt security equal in principal amount to any unpurchased portion of the debt securities surrendered, if any; provided that each new debt security will be in a principal amount of \$2,000 or a multiple of \$1,000 in excess thereof.

We will not be required to make an offer upon an event triggering a change of control if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all debt securities properly tendered and not withdrawn under its offer. In the event that such third party terminates or defaults its offer, we will be required to make an offer treating the date of such termination or default as though it were the date of such change of control triggering event.

In addition, we will not repurchase any debt securities if there has occurred and is continuing on the relevant payment date an event of default under the indenture, other than a default in the payment of the change of control payment upon a change of control triggering event.

To the extent that we are required to offer to repurchase the debt securities upon the occurrence of a change of control triggering event, we may not have sufficient funds to repurchase the debt securities in cash at such time. In addition, our ability to repurchase the debt securities for cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. The failure to make such repurchase would result in a default under the debt securities.

We will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the debt securities as a result of a change of control triggering event. To the extent that the provision of any such securities laws or regulations conflicts with the offer provisions in respect of a change of control of the debt securities, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under such offer provisions by virtue of any such conflict.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of our properties or assets and those of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets and those of our subsidiaries, taken as a whole, to another person or group may be uncertain. In such case, holders of the notes may not be able to resolve this uncertainty without resorting to legal action.

For purposes of the foregoing, the following term will be applicable:

"*change of control*" means the occurrence of any one of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger, amalgamation, arrangement or

consolidation), in one or a series of related transactions, of all or substantially all of our properties or assets and those of our subsidiaries, taken as a whole, to one or more persons, other than to us or one of our subsidiaries; (2) the first day on which a majority of the members of our board of directors is not composed of directors who (a) were members of our board of directors on the issue date or (b) were nominated for election, elected or appointed to our board of directors with the approval of a majority of the directors who were members of our board of directors at the time of such nomination, election or appointment (either by a specific vote or by approval by such directors of our proxy statement in which such member was named as a nominee for election as a director); (3) the consummation of any transaction including, without limitation, any merger, amalgamation, arrangement or consolidation the result of which is that any person becomes the beneficial owner, directly or indirectly, of more than 50% of our voting stock; (4) we consolidate with, or merge with or into, any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of the outstanding Voting Stock of us or of such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of our voting stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving person immediately after giving effect to such transaction; or (5) the adoption of a plan relating to our liquidation or dissolution (other than our liquidation into a newly formed holding company). Notwithstanding the foregoing, a transaction described in clause (3) above will not be deemed to involve a Change of Control if (1) the Company becomes a direct or indirect wholly-owned subsidiary of a holding company (which shall include a parent company) and (2)(A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as, and hold in substantially the same proportions as, the holders of the Company's voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the then outstanding voting stock, measured by voting power, of such holding company. Following any such transaction, references in this definition to the Company shall be deemed to refer to such holding company. For the purposes of this definition, "person" and "beneficial owner" have the meanings used in Section 13(d) of the Exchange Act.

Other Covenants

Unless we indicate otherwise in the applicable prospectus supplement, the debt securities will not contain any financial covenants or other restrictive provisions designed to protect holders of the debt securities in the event of a highly leveraged transaction. The indentures contain the following covenants:

Limitations on Liens

We will not, and we will not permit any of our restricted subsidiaries to, incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries unless we or such restricted subsidiary secures or we cause such restricted subsidiary to secure the debt securities (and any of its or such restricted subsidiary's other debt, at its option or such restricted subsidiary's option, as the case may be, not subordinate to the debt securities), equally and ratably with (or prior to) such secured debt, for as long as such secured debt will be so secured.

These restrictions will not, however, apply to debt secured by:

- any liens existing prior to the issuance of the debt securities;
- any lien on property of or shares of stock of (or other interests in) or debt of any entity existing at the time such entity becomes a restricted subsidiary;
- any liens on property, shares of stock (or other interests in) or debt of any entity (i) existing at the time of acquisition of such property or shares (or other interests) (including acquisition through merger or consolidation), (ii) to secure the payment of all or any part of the purchase price of such property or shares (or other interests) or the costs of construction or improvement of such property or (iii) to secure any debt

incurred prior to, at the time of, or within 180 days after the later of the acquisition, the completion of construction or the commencement of full operation of such property or within 180 days after the acquisition of such shares (or other interests) for the purpose of financing all or any part of the purchase price of such property or shares (or other interests) or the costs of construction thereon;

- any liens in favor of us or any of our restricted subsidiaries;
- any liens in favor of, or required by contracts with, governmental entities; or
- any extension, renewal, or refunding of liens referred to in any of the preceding clauses.

Notwithstanding the foregoing, we or any of our restricted subsidiaries may incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries if, after giving effect thereto and together with the value of attributable debt outstanding pursuant to the second paragraph of the “—Limitation on Sale and Lease-Back Transactions” covenant below, the aggregate amount of such debt does not exceed 15% of our consolidated net tangible assets.

The indenture does not restrict the transfer by us of a principal property to any of our unrestricted subsidiaries or our ability to change the designation of a subsidiary owning principal property from a restricted subsidiary to an unrestricted subsidiary and, if we were to do so, any such unrestricted subsidiary would not be restricted from incurring secured debt nor would we be required, upon such incurrence, to secure the debt securities equally and ratably with such secured debt.

Limitation on Sale and Lease-Back Transactions

We will not enter into any sale and lease-back transaction with respect to any principal property, other than any such sale and lease-back transaction involving a lease for a term of not more than three years or any such sale and lease-back transaction between us and one of our restricted subsidiaries or between our restricted subsidiaries, unless: (i) we or such restricted subsidiary would be entitled to incur debt secured by a lien on the principal property involved in such sale and lease-back transaction at least equal in amount to the attributable debt with respect to such sale and lease-back transaction, without equally and ratably securing the debt securities, pursuant to the covenant described above under the caption “—Limitation on Liens”; or (ii) the proceeds of such sale and lease-back transaction are at least equal to the fair market value of the affected principal property (as determined in good faith by our board of directors) and we apply an amount equal to the net proceeds of such sale and lease-back transaction within 180 days of such sale and lease-back transaction to any (or a combination) of (a) the prepayment or retirement of the debt securities, (b) the prepayment or retirement (other than any mandatory retirement, mandatory prepayment or sinking fund payment or by payment at maturity) of other debt of us or of one of our restricted subsidiaries (other than debt that is subordinated to the debt securities or debt owed to us or one of our restricted subsidiaries) that matures more than 12 months after its creation or matures less than 12 months after its creation but by its terms being renewable or extendible, at the option of the obligor in respect thereof, beyond 12 months from its creation or (c) the purchase, construction, development, expansion or improvement of other comparable property.

Notwithstanding the restrictions in the preceding paragraph, we will be permitted to enter into sale and lease-back transactions otherwise prohibited by this covenant, the attributable debt with respect to which, together with all debt outstanding pursuant to the third paragraph of the “—Limitation on Liens” covenant above, without duplication, do not exceed 15% of consolidated net tangible assets measured at the closing date of the sale and lease-back transaction.

The following are definitions of some terms used in the above description. We refer you to the indenture for a full description of all of these terms, as well as any other terms used herein for which no definition is provided.

“*attributable debt*” with regard to a sale and lease-back transaction with respect to any principal property means, at the time of determination, the present value of the total net amount of rent required to be paid under such lease

during the remaining term thereof (including any period for which such lease has been extended), discounted at the rate of interest set forth or implicit in the terms of such lease (or, if not practicable to determine such rate, the weighted average interest rate per annum borne by the notes then outstanding under the indenture) compounded semi-annually. In the case of any lease which is terminable by the lessee upon the payment of a penalty, such net amount shall be the lesser of (x) the net amount determined assuming termination upon the first date such lease may be terminated (in which case the net amount shall also include the amount of the penalty, but shall not include any rent that would be required to be paid under such lease subsequent to the first date upon which it may be so terminated) or (y) the net amount determined assuming no such termination.

“*consolidated net tangible assets*” means the total amount of our assets and our restricted subsidiaries’ assets minus:

- all applicable depreciation, amortization and other valuation reserves;
- all current liabilities of ours and our restricted subsidiaries (excluding any intercompany liabilities); and
- all goodwill, trade names, trademarks, patents, unamortized debt discount and expenses and other like intangibles, all as set forth on our and our restricted subsidiaries’ latest consolidated balance sheets prepared in accordance with U.S. GAAP.

“*debt*” means any indebtedness for borrowed money.

“*principal property*” means any single manufacturing or processing plant, office building or warehouse owned or leased by us or any of our restricted subsidiaries which has a gross book value in excess of 2% of our consolidated net tangible assets other than a plant, warehouse, office building or portion thereof which, in the opinion of our Board of Directors, is not of material importance to the business conducted by the Company and its restricted subsidiaries as an entirety.

“*restricted subsidiary*” means, at any time, any subsidiary which at the time is not an unrestricted subsidiary of ours.

“*subsidiary*” means any entity, at least a majority of the outstanding voting stock of which shall at the time be owned, directly or indirectly, by us or by one or more of our subsidiaries, or both.

“*unrestricted subsidiary*” means any subsidiary of ours (not at the time designated as our restricted subsidiary) (1) the major part of whose business consists of finance, banking, credit, leasing, insurance, financial services or other similar operations, or any combination thereof, (2) substantially all the assets of which consist of the capital stock of one or more subsidiaries engaged in the operations referred to in the preceding clause (1), or (3) designated as an unrestricted subsidiary by our Board of Directors and which, in the opinion of our Board of Directors, is not of material importance to the business conducted by the Company and its restricted subsidiaries as an entity.

Consolidation, Merger or Sale of Assets

We may consolidate or merge with or into, or convey or transfer all or substantially all of our assets to, any entity (including, without limitation, a limited partnership or a limited liability company); provided that:

- we will be the surviving corporation or, if not, that the successor will be a corporation that is organized and validly existing under the laws of any state of the United States of America or the District of Columbia and will expressly assume by a supplemental indenture our obligations under the indenture and the debt securities;
- immediately after giving effect to such transaction, no event of default, and no default or other event which, after notice or lapse of time, or both, would become an event of default, will have happened and be continuing; and

- we will have delivered to the trustee an opinion of counsel, stating that such consolidation, merger, conveyance or transfer and such supplemental indenture, if any, complies with the indenture.

In the event of any such consolidation, merger, conveyance, transfer or lease, any such successor will succeed to and be substituted for us as obligor on the notes with the same effect as if it had been named in the indenture as obligor.

The trustee will be entitled to conclusively rely on and will accept such opinion as sufficient evidence of the satisfaction of the conditions precedent set forth in the third clause above, in which event it shall be conclusive and binding on the holders of the debt securities.

Modification and Waiver

The indenture may be amended or modified without the consent of any holder of the debt securities of any series in order to:

- evidence a succession to the trustee;
- cure ambiguities, defects or inconsistencies or make any other change that does not adversely affect in any material respect the interests of any holder;
- provide for the assumption of our obligations in the case of a merger or consolidation or transfer of all or substantially all of our assets;
- make any change that would provide any additional rights or benefits to the holders of the debt securities of any series;
- add guarantors with respect to the debt securities of any series;
- secure the debt securities of any series;
- establish the form or forms of the debt securities of any series; or
- maintain the qualification of the indenture under the Trust Indenture Act.

Other amendments to and modifications of the indenture or the debt securities of any series issued may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding series affected by the amendment or modification. However, no modification or amendment may, without the consent of the holder of each affected outstanding debt security:

- reduce the principal amount, or extend the fixed maturity, of the debt securities of any series;
- alter or waive the redemption provisions of the debt securities of any series;
- change the currency in which principal, any premium or interest is paid;
- reduce the percentage in principal amount outstanding of the debt securities of any series which must consent to an amendment, supplement or waiver or consent to take any action;
- impair the right to institute suit for the enforcement of any payment on the debt securities of any series;
- waive a payment default with respect to the debt securities of any series;
- reduce the interest rate or extend the time for payment of interest on the debt securities of any series; or
- adversely affect the ranking of the debt securities of any series.

Information Concerning the Trustee

If an Event of Default occurs and is continuing, the trustee will be required to use the degree of care and skill of a prudent person in the conduct of his or her own affairs. The trustee will become obligated to exercise

any of its powers under the indenture at the request of any of the holders of any debt securities issued under the indenture only after those holders have furnished the trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.

If the trustee becomes a creditor of ours, it will be subject to limitations in the indenture on its rights to obtain payment of claims or to realize on certain property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with us. If, however, it acquires any conflicting interest, it must eliminate such conflict, resign or obtain an order from the SEC permitting it to remain as trustee.

Paying Agent and Security Registrar

We will maintain one or more paying agents (each, a “Paying Agent”) for any debt securities we issue in New York, New York. We, upon written notice to the trustee accompanied by an officers’ certificate, may appoint one or more Paying Agents, other than the trustee, for all or any series of such debt securities. If we fail to appoint or maintain another entity as Paying Agent, the trustee shall act as such. We or any of our subsidiaries, upon notice to the trustee, may act as Paying Agent.

We will also maintain one or more security registrars (each, a “Security Registrar”) with an office in New York, New York. We, upon written notice to the trustee accompanied by an officers’ certificate, may appoint one or more registrars, other than the trustee, for all or any series of debt securities. If we fail to appoint or maintain another entity as registrar, the trustee shall act as such. We or any of our subsidiaries, upon notice to the trustee, may act as registrar.

The Security Registrar will maintain a register reflecting ownership of debt securities outstanding from time to time, and the Paying Agents will make payments on and facilitate transfer of debt securities on our behalf. We may change any Paying Agents or Security Registrars without prior notice to the holders of debt securities.

Governing Law

The indenture and any debt securities issued thereunder shall be deemed to be a contract made under the internal laws of the State of New York, and for all purposes shall be construed in accordance with the laws of the State of New York without regard to conflicts of laws principles that would require the application of any other law. The indenture is subject to the provisions of the Trust Indenture Act that are required to be part of the indenture and shall, to the extent applicable, be governed by such provisions.

Satisfaction, Discharge and Defeasance

We may terminate our obligations with respect to the debt securities of any series under the indenture when:

- either:
- all the debt securities of any series issued that have been authenticated have been delivered to the trustee for cancellation; or
- all the debt securities of any series issued that have not been delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year and we have made arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name and at our expense, and in each case, we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the notes to pay principal, interest and any premium; and
- we have paid or caused to be paid all other sums then due and payable under the indenture; and
- we have delivered to the trustee an officers’ certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding debt securities of any series (“legal defeasance”). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of such series under the indenture, except for:

- the rights of holder of the debt securities to receive principal, interest and any premium when due;
- mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment for security payments held in trust;
- the rights, powers, trusts, duties and immunities of the trustee; and
- the defeasance provisions of the indenture.

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture (“covenant defeasance”). Any omission to comply with these obligations will not constitute a default or an event of default with respect to the debt securities of any series. In the event covenant defeasance occurs, certain events, not including non-payment, bankruptcy and insolvency events, described under “—Events of Default” will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to the outstanding debt securities of any series:

- we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the holders of the debt securities of a series:
- money in an amount;
- U.S. government obligations that will provide, not later than one day before the due date of any payment, money in an amount; or
- a combination of money and U.S. government obligations (or equivalent government obligations, as applicable),

in each case sufficient, in the written opinion of a nationally recognized firm of independent registered public accountants to pay and discharge, and which shall be applied by the trustee to pay and discharge, all of the principal (including mandatory sinking fund payments), interest and any premium at due date or maturity;

- in the case of legal defeasance, we have delivered to the trustee an opinion of counsel stating that (i) we have received from, or there has been published by, the U.S. Internal Revenue Service, a ruling, or (ii) since the issuance of the debt securities, there has been a change in applicable U.S. federal income tax law, in either case to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same U.S. federal income tax as would be the case if the deposit, defeasance and discharge did not occur;
- in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same U.S. federal income tax as would be the case if the deposit and covenant defeasance did not occur;
- no event of default or default with respect to the outstanding debt securities of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit, it being understood that this condition is not deemed satisfied until after the 91st day;

- the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all debt securities of that series were in default within the meaning of such Act;
- the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which we are a party;
- the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and
- we have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent with respect to the defeasance or covenant defeasance have been complied with.

Book-Entry, Delivery and Form

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless otherwise provided in such prospectus supplement, debt securities that are represented by a global security will be issued in denominations of \$2,000 or any integral multiple of \$1,000 in excess thereof and will be issued in registered form only, without coupons.

We anticipate that any global securities will be deposited with, or on behalf of, DTC, and that such global securities will be registered in the name of Cede & Co., DTC's nominee. We further anticipate that the following provisions will apply to the depository arrangements with respect to any such global securities. Any additional or differing terms of the depository arrangements will be described in the prospectus supplement relating to a particular series of debt securities issued in the form of global securities.

Beneficial interests in the global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in DTC.

Investors may elect to hold their interests in the global securities through either DTC (in the United States) or (in Europe) through Clearstream or through Euroclear. Investors may hold their interests in the global securities directly, if they are participants of such systems, or indirectly through organizations that are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective U.S. depositories, which in turn will hold these interests in customers' securities accounts in the depositories' names on the books of DTC. Beneficial interests in the global securities will be held in denominations of \$2,000 and multiples of \$1,000 in excess thereof. Except as set forth below, the global securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Debt securities represented by a global security can be exchanged for definitive securities in registered form only if:

- DTC notifies us that it is unwilling or unable to continue as depository for that global security, and we do not appoint a successor depository within 90 days after receiving that notice;
- at any time DTC ceases to be a clearing agency registered or in good standing under the Exchange Act, as amended, or other applicable statute or regulation, and we do not appoint a successor depository within 90 days after becoming aware that DTC has ceased to be registered as a clearing agency; or
- we determine that that global security will be exchangeable for definitive securities in registered form and we notify the trustee of our decision.

A global security that can be exchanged as described in the preceding sentence will be exchanged for definitive securities issued in authorized denominations in registered form for the same aggregate amount. The definitive securities will be registered in the names of the owners of the beneficial interests in the global security as directed by DTC.

We will make principal and interest payments on all debt securities represented by a global security to the Paying Agent which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the debt securities represented by a global security for all purposes under the indenture. Accordingly, we, the trustee and any Paying Agent will have no responsibility or liability for:

- any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a debt security represented by a global security; or
- any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global security held through those participants; or the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

DTC has advised us that its current practice is to credit participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. The underwriters or agents for the debt securities represented by a global security will initially designate the accounts to be credited. Payments by participants to owners of beneficial interests in a global security will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in "street name," and will be the sole responsibility of those participants. Book-entry notes may be more difficult to pledge because of the lack of a physical note. So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the debt securities represented by that global security for all purposes of the debt securities. Owners of beneficial interests in the debt securities will not be entitled to have debt securities registered in their names, will not receive or be entitled to receive physical delivery of the debt securities in definitive form and will not be considered owners or holders of debt securities under the indenture. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of DTC and, if that person is not a DTC participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder of debt securities. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in a global security. Beneficial owners may experience delays in receiving distributions on their debt securities since distributions will initially be made to DTC and must then be transferred through the chain of intermediaries to the beneficial owner's account.

We understand that, under existing industry practices, if we request holders to take any action, or if an owner of a beneficial interest in a global security desires to take any action which a holder is entitled to take under the indenture, then DTC would authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Beneficial interests in a global security will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for that global security. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the debt securities will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act.

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include both U.S. and non-U.S. securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Clearstream

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants"), and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. In the U.S., Clearstream Participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly. Clearstream is an indirect participant in DTC.

Distributions with respect to debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants"), and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing, and interacts with domestic markets in several countries. The Euroclear System is owned by Euroclear Clearance System Public Limited Company (ECSplc) and operated through Euroclear Bank S.A./N.V. (the "Euroclear Operator"), a bank incorporated under the laws of the Kingdom of Belgium, under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator advises us that it is regulated and examined by the Belgian banking and Finance Commission and the National Bank of Belgium.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, herein the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depositary for Euroclear.

Euroclear has further advised us that investors that acquire, hold and transfer interests in the debt securities by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

Global Clearance and Settlement Procedures

Initial settlement for the debt securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving debt securities through DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositaries.

Because of time-zone differences, credits of debt securities received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such debt securities settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of debt securities by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

If the debt securities are cleared only through Euroclear and Clearstream (and not DTC), you will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time-zone differences, U.S. investors who hold their interests in the securities through these systems and wish to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, U.S. investors who wish to exercise rights that expire on a particular day may need to act before the expiration date.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of debt securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we nor any paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

Item 15. Indemnification of Directors and Officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the following provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

The Indiana Business Corporation Law ("IBCL"), the provisions of which we are governed by, empowers an Indiana corporation to indemnify present and former directors, officers, employees, or agents or any person who may have served at the request of the corporation as a director, officer, employee, or agent of another corporation ("Eligible Persons") against liability incurred in any proceeding, civil or criminal, in which the Eligible Person is made a party by reason of being or having been in any such capacity, or arising out of his status as such, if the individual acted in good faith and reasonably believed that (a) the individual was acting in the best interests of the corporation, or (b) if the challenged action was taken other than in the individual's official capacity as an officer, director, employee or agent, the individual's conduct was at least not opposed to the corporation's best interests, or (c) if in a criminal proceeding, either the individual had reasonable cause to believe his conduct was lawful or no reasonable cause to believe his conduct was unlawful.

The IBCL further empowers a corporation to pay or reimburse the reasonable expenses incurred by an Eligible Person in connection with the defense of any such claim, including counsel fees; and, unless limited by its articles of incorporation, the corporation is required to indemnify an Eligible Person against reasonable expenses if he is wholly successful in any such proceeding, on the merits or otherwise. Under certain circumstances, a corporation may pay or reimburse an Eligible Person for reasonable expenses prior to final disposition of the matter. Unless a corporation's articles of incorporation provide otherwise, an Eligible Person may apply for indemnification to a court which may order indemnification upon a determination that the Eligible Person is entitled to mandatory indemnification for reasonable expenses or that the Eligible Person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances without regard to whether his actions satisfied the appropriate standard of conduct.

Before a corporation may indemnify any Eligible Person against liability or reasonable expenses under the IBCL, a quorum consisting of directors who are not parties to the proceeding must (1) determine the

indemnification is permissible in the specific circumstances because the Eligible Person met the requisite standard of conduct, (2) authorize the corporation to indemnify the Eligible Person and (3) if appropriate, evaluate the reasonableness of expenses for which indemnification is sought. If it is not possible to obtain a quorum of uninvolved directors, a committee of the board consisting of at least two uninvolved directors, the special legal counsel selected by the Board or such a committee, or the shareholders of the corporation shall make such determinations, authorizations and evaluations.

In addition to the foregoing, the IBCL states that the indemnification it provides shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any provision of a corporation's articles of incorporation or by-laws, resolution of the board of directors or shareholders, or any other authorization adopted after notice by a majority vote of all the voting shares then issued and outstanding. The IBCL also empowers an Indiana corporation to purchase and maintain insurance on behalf of any Eligible Person against any liability asserted against or incurred by him in any capacity as such, or arising out of his status as such, whether or not the corporation would have had the power to indemnify him against such liability.

Our Articles of Incorporation provide that no director or officer shall be personally liable to the Company or any of our shareholders for damages for breach of fiduciary duty as a director or officer, except for liability for breach of duty if such breach constitutes willful misconduct or recklessness.

Our By-laws provide for mandatory indemnification, to the fullest extent permitted by law, of our directors and officers against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed investigation, claim, action, suit or proceeding, whether civil, criminal, administrative or investigative, including any action, suit or proceeding by or in the right of the Company, in which such person is or was involved in any manner (including as a party or witness) by reason of the fact that such person is or was a director, officer, employee or agent of the Company or is or was serving at the request of the Company as a director, officer, employee, fiduciary or agent of another corporation, partnership, joint venture, trust or other enterprise (including any employee benefit plan). The right to indemnification is a contract right and includes the right to advancement of expenses in accordance with specified procedures.

The rights to indemnification provided by our Articles of Incorporation and By-laws are not exclusive of any other rights to which any indemnified person may otherwise be entitled.

We have entered into indemnification agreements with our directors, pursuant to which we have agreed to indemnify and hold harmless, to the fullest extent permitted by applicable law and our By-laws, each such director against any and all expenses (including attorney's fees and related disbursements, appeal bonds and other out-of-pocket costs), judgments, amounts paid on settlement, liabilities or actually and reasonably incurred by such director by reason of the fact that such person is or was a director (or, at the request of the Company, as a director, officer, employee, fiduciary or other agent of another corporation, partnership, limited liability company, joint venture, trust or other enterprise), or by reason of any actual or alleged action or omission to act taken or omitted in any such capacity. The indemnification agreements set forth certain procedures that will apply in the event of a claim for indemnification thereunder. In addition, the agreements provide for the advancement of expenses incurred by a director, subject to certain exceptions, in connection with any action, suit or proceeding covered by the agreement.

We have purchased directors' and officers' liability insurance, the effect of which is to indemnify our directors and officers and the directors and officers of our subsidiaries against certain losses caused by errors, misstatement or misleading statements, wrongful acts, omissions, neglect or breach of duty by them or similar matters claimed against them in their capacities as directors or officers. This insurance is subject to various deductibles and exclusions from coverage.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such

purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Washington, District of Columbia, on August 3, 2026.

Re: *Xylem Inc.*
Registration Statement on Form S-3

Ladies and Gentlemen:

We have acted as counsel to Xylem Inc., an Indiana corporation (the “Company”), in connection with the preparation and filing with the Securities and Exchange Commission (the “Commission”) of a Registration Statement on Form S-3 (the “Registration Statement”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the registration under the Securities Act and the proposed issuance and sale from time to time pursuant to Rule 415 under the Securities Act, together or separately and in one or more series (if applicable) of:

- (i) the Company’s unsecured debt securities, which may either be senior debt securities (the “Senior Debt Securities”) or subordinated debt securities (the “Subordinated Debt Securities”) and, collectively with the Senior Debt Securities, the “Debt Securities”);
- (ii) shares of the Company’s common stock, par value \$0.01 per share (the “Common Stock”);
- (iii) shares of the Company’s preferred stock, no par value per share (the “Preferred Stock”);
- (iv) depositary shares each representing a fraction of a share of a particular series of Preferred Stock (the “Depositary Shares”);
- (v) contracts for the purchase or sale of Debt Securities, Common Stock or Preferred Stock or other securities, currencies or commodities (the “Purchase Contracts”);
- (vi) warrants for the purchase of Common Stock, Preferred Stock, Depositary Shares or Debt Securities (the “Warrants”); and
- (vii) units of the Company comprised of any combination of Common Stock, Preferred Stock, Depositary Shares, Purchase Contracts or Debt Securities (the “Units”).

The Debt Securities, Depositary Shares, Purchase Contracts, Warrants, and Units are collectively referred to herein as the “Securities.” The Senior Debt Securities are to be issued under an indenture, dated as of March 11, 2016, between the Company and Deutsche Bank Trust Company Americas, as trustee, as modified by the supplemental indenture no. 1, dated as of March 11, 2016 (as so modified, the “Senior Indenture”). The Subordinated Debt Securities are to be issued under an indenture (the “Subordinated Indenture”) and, together with the Senior Indenture, the “Base Indentures”) to be entered into between the Company and Deutsche Bank Trust Company Americas, as trustee.

In arriving at the opinions expressed below, we have examined originals, or copies certified or otherwise identified to our satisfaction as being true and complete copies of the originals, of the forms of the Base Indentures, forms of the Debt Securities and such other documents, corporate records, certificates of officers of the Company and of public officials and other instruments as we have deemed necessary or advisable to enable us to render these opinions. In our examination, we have assumed the genuineness of all signatures, the legal capacity and competency of all natural persons, the authenticity of all documents submitted to us as originals and the conformity to original documents of all documents submitted to us as copies. As to any facts material to these opinions, we have relied to the extent we deemed appropriate and without independent investigation upon statements and representations of officers and other representatives of the Company and others.

We have assumed without independent investigation that:

(i) at the time any Securities are sold pursuant to the Registration Statement (the “Relevant Time”), the Registration Statement and any supplements and amendments thereto (including post-effective amendments) will be effective and will comply with all applicable laws;

(ii) at the Relevant Time, a prospectus supplement will have been prepared and filed with the Commission describing the Securities offered thereby and all related documentation and will comply with all applicable laws;

(iii) all Securities will be issued and sold in the manner stated in the Registration Statement and the applicable prospectus supplement;

(iv) at the Relevant Time, all corporate or other action required to be taken by the Company to duly authorize each proposed issuance of Securities and any related documentation, and the execution (in the case of certificated Securities), delivery and performance of the Securities and any related documentation referred to in paragraphs 1 through 5 below) shall have been duly completed and shall remain in full force and effect;

(v) in the case of Debt Securities, at the Relevant Time, the relevant Base Indenture shall have been duly executed and delivered by the Company and all other parties thereto and duly qualified under the Trust Indenture Act of 1939, as amended; and

(vi) at the Relevant Time, a definitive purchase, underwriting or similar agreement and any other necessary agreement with respect to any Securities offered or issued will have been duly authorized by all necessary corporate or other action of the Company and duly executed and delivered by the Company and the other parties thereto.

Based on the foregoing and in reliance thereon, and subject to the assumptions, exceptions, qualifications and limitations set forth herein, we are of the opinion that:

1. With respect to any Debt Securities, when:
 - a. the terms and conditions of such Debt Securities have been duly established by supplemental indenture or officers’ certificate in accordance with the terms and conditions of the relevant Base Indenture,
 - b. any such supplemental indenture or officers’ certificate has been duly executed and delivered by the Company and, as applicable, the trustee (such supplemental indenture or officers’ certificate, together with the relevant Base Indenture, the “Indenture”), and
 - c. such Debt Securities have been duly executed (in the case of certificated Debt Securities), delivered and authenticated in accordance with the terms of the applicable Indenture and issued and sold for the consideration set forth in the applicable definitive purchase, underwriting or similar agreement,

such Debt Securities will be legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms.

2. With respect to Depositary Shares, when:
 - a. deposit agreement relating to such Depositary Shares (“Deposit Agreement”) has been duly executed and delivered by the Company and the depositary appointed by the Company,
 - b. the terms of the Depositary Shares have been established in accordance with the Deposit Agreement, and

- c. the depositary receipts representing the Depositary Shares have been duly executed and countersigned (in the case of certificated Depositary Shares), registered and delivered in accordance with the relevant Deposit Agreement and, if applicable, issued and sold for the consideration set forth in the applicable definitive purchase, underwriting or similar agreement for the consideration provided therein,

the depositary receipts evidencing the Depositary Shares will be legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

3. With respect to any Purchase Contracts, when:

- a. the related purchase contract agreement ("Purchase Contract Agreement"), if any, has been duly executed by the Company and each other party thereto,
- b. the terms of the Purchase Contracts have been established in accordance with the Purchase Contract Agreement, if any, or the applicable definitive purchase, underwriting or similar agreement,
- c. the terms of any collateral or security arrangements relating to such Purchase Contracts have been established and the agreements thereto have been validly executed and delivered by each of the parties thereto and any collateral has been deposited with the collateral agent, if applicable, in accordance with such arrangements, and
- d. such Purchase Contracts have been executed (in the case of certificated Purchase Contracts) and delivered in accordance with the Purchase Contract Agreement, if any, and the applicable definitive purchase, underwriting or similar agreement for the consideration provided for therein,

such Purchase Contracts will be legal, valid and binding obligations of the Company, enforceable in accordance with their terms.

4. With respect to any Warrants, when:

- a. the warrant agreement relating to such Warrants (the "Warrant Agreement"), if any, has been duly executed and delivered by the Company and each other party thereto,
- b. the terms of the Warrants have been established in accordance with the Warrant Agreement, if any, and the applicable definitive purchase, underwriting or similar agreement, and
- c. the Warrants have been duly executed (in the case of certificated Warrants) and delivered in accordance with the Warrant Agreement, if any, and the applicable definitive purchase, underwriting or similar agreement for the consideration provided for therein

such Warrants will be legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

5. With respect to any Units, when:

- a. the unit agreement relating to the Units (the "Unit Agreement"), if any, has been duly executed and delivered by the Company and each other party thereto,
- b. the terms of the Units have been duly established in accordance with the Unit Agreement, if any, and the applicable definitive purchase, underwriting or similar agreement, and
- c. the Units have been duly executed (in the case of certificated Units) and delivered in accordance with the Unit Agreement, if any, and the applicable definitive purchase, underwriting or similar agreement for the consideration provided for therein,

the Units will be legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

The opinions expressed above are subject to the following exceptions, qualifications, limitations and assumptions:

A. We render no opinion herein as to matters involving the laws of any jurisdiction other than the State of New York and the United States of America. This opinion is limited to the effect of the current state of the laws of the State of New York and the United States of America and the facts as they currently exist. We assume no obligation to revise or supplement this opinion in the event of future changes in such laws or the interpretations thereof or such facts.

B. The opinions above with respect to the Indenture, the Debt Securities, the depositary receipts representing the Depositary Shares, the Deposit Agreement, the Purchase Contracts, any Purchase Contract Agreement, the Warrants, the Warrant Agreement, the Units and the Unit Agreement (collectively, the “Documents”) are each subject to (i) the effect of any bankruptcy, insolvency, reorganization, moratorium, arrangement or similar laws affecting the rights and remedies of creditors’ generally, including without limitation the effect of statutory or other laws regarding fraudulent transfers or preferential transfers, and (ii) general principles of equity, including without limitation concepts of materiality, reasonableness, good faith and fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies regardless of whether enforceability is considered in a proceeding in equity or at law.

C. We express no opinion regarding the effectiveness of (i) any waiver of stay, extension, usury laws or of unknown future rights; (ii) provisions relating to indemnification, exculpation or contribution, to the extent such provisions may be held unenforceable as contrary to public policy or federal or state securities laws or due to the negligence or willful misconduct of the indemnified party; (iii) any waiver of the right to jury trial or (iv) any provision to the effect that every right or remedy is cumulative and may be exercised in addition to any other right or remedy or that the election of some particular remedy does not preclude recourse to one or more others.

D. To the extent relevant to our opinions in paragraphs 2, 3, 4 and 5 and not covered by our opinion in paragraph 1, we have assumed that any securities, currencies or commodities underlying, comprising or issuable upon exchange, conversion or exercise of any Depositary Shares, Purchase Contracts, Warrants, or Units are validly issued, fully paid and non-assessable (in the case of an equity security) or a legal, valid and binding obligation of the issuer thereof, enforceable against such issuer in accordance with its terms.

You have informed us that you intend to issue Securities from time to time on a delayed or continuous basis, and we understand that prior to issuing any Securities pursuant to the Registration Statement (i) you will advise us in writing of the terms thereof and (ii) you will afford us an opportunity to (x) review the operative documents pursuant to which such Securities are to be issued or sold (including the applicable offering documents) and (y) file such supplement or amendment to this opinion (if any) as we may reasonably consider necessary or appropriate.

We consent to the filing of this opinion as an exhibit to the Registration Statement, and we further consent to the use of our name under the caption “Validity of the Securities” in the Registration Statement and the prospectus that forms a part thereof. In giving these consents, we do not thereby admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission promulgated thereunder.

Very truly yours,

4. With respect to any offering of Covered Securities, if the Covered Securities are convertible into Common Shares or Preferred Shares or if Common Shares or Preferred Shares may be acquired upon exercise or otherwise upon fulfillment of the terms of the Covered Securities, when (i) a Prospectus Supplement and any other offering material with respect to the Covered Securities have been filed with the Commission in compliance with the Securities Act and the rules and regulations thereunder; (ii) Articles of Amendment establishing the designations, preferences, rights, qualifications, limitations, or restrictions of any series of Preferred Shares have been duly approved by appropriate corporate action, executed by duly authorized officers of the Company, and filed by the Company with the Secretary of State of the State of Indiana, all in accordance with the laws of the State of Indiana; (iii) the appropriate corporate action has been taken by the Company to authorize the issuance of such Covered Securities and such Common Shares or Preferred Shares as described in paragraphs 2 and 3, above, respectively; (iv) any legally required consents, approvals, authorizations, and other orders of the Commission and any other regulatory authorities are obtained; (v) the Covered Securities have been presented for conversion, exercise, or fulfillment in accordance with the terms thereof together with any consideration, certificates, and/or instructions required in connection therewith by such Covered Security; and (vi) unless issued without certificates, certificates representing such Common Shares or Preferred Shares have been duly executed by the duly authorized officers of the Company, countersigned by the transfer agent therefor, and delivered upon such conversion, exercise, or fulfillment to the persons entitled thereto, in accordance with the terms of such Covered Securities, then, upon the happening of such events, the Common Shares or Preferred Shares issuable upon conversion, exercise, or fulfillment of the Covered Securities will be validly issued, fully paid, and non-assessable.

We express no opinion herein other than as expressly stated above. The opinions set forth herein are expressed as of the date hereof, and we disclaim any undertaking to advise the Company or any other party of any subsequent changes to the matters stated, represented, or assumed herein or any subsequent changes in applicable law.

We hereby consent to the filing of this opinion letter as Exhibit 5.2 to the Registration Statement and to the reference to us under the heading "Legal Matters" in the Prospectus and any Prospectus Supplement that is a part of the Registration Statement.
